

iLight IPL Pro

iLight IPL Pro

\$49,900

2-Year Warranty
30 day money back guarantee

Introducing our meticulously crafted IPL device, tailor-made for practitioners like you, aimed at maximizing operational efficiency and profitability.

Boasting a robust touch screen and sleek design for seamless daily use and space-saving storage, it's the ideal solution for busy clinics. With the added convenience of high-quality industrial wheels, moving between treatment rooms is effortless.

Experience the ultimate in practicality, cost-effectiveness, and user-friendly operation – the perfect addition to your aesthetic toolkit.

6mm x 6mm

- Precise, targeted treatments
- Small size for focused areas
- Below-freezing cooling head ensures comfort
- Emits up to 10 pulses per second for quick sessions
- Pain-free and comfortable experience

12mm x 30mm

- Ideal for full-face treatments
- Enhanced comfort with a cooling head
- 6 filters included for various treatment needs
- Provides comprehensive coverage for efficient sessions

Safety: The crystal head rapidly cools with metal plates on its sides, ensuring quick water chilling. Proven protocols guarantee both safety and effective results.

Features:

- FDA cleared for aesthetic treatments.
- Direct Optometrist-to-Optometrist experience; receive hands-on, in-office training, and ongoing support and guidance from ODs
- All support and in-office training is completed by experienced OD's for you and your staff
- 30 day money back guarantee
- Price includes shipping and in-office training with you and your staff
- Only maintenance is changing out the water every 3 months
- Only consumables include ultrasound gel, IPL grade eye shields, gauze pads, tongue depressors, face wash, and facial sunscreen all ranging about \$3-5 per treatment

Doctor to Doctor

The main objective is to maintain a **direct Optometrist-to-Optometrist** experience, ensuring a seamless journey from exploring our devices to receiving hands-on, in-office training, all supported by *ongoing guidance from ODs*. Your education and mentorship will be overseen by a seasoned Optometrist.

Our efficient business model eliminates unnecessary layers to offer affordable medical devices that deliver impressive results. These devices not only benefit your patients but also **significantly boost your practice revenue**, ensuring a substantial return on investment for every Optometrist.
